

THE ENVIRONMENT IS CHANGING...

Borg Financial and myself have had to adapt to this new work/life style. Lock down has forced us all indoors. What a better time than now to utilise the SFGconnect CRM to its full potential.

“ VIDEO CONFERENCING, INTERVIEW MODE, FULL AUTOMATION AND MORE. THESE INTEGRATIONS HAVE HELPED MY BUSINESS EXPONENTIALLY TO OPERATE WITHIN A REMOTE AND ISOLATED ENVIRONMENT. ”

The SFGconnect platform has made it quite easy to do this. With consistent updates and CRM support, operating has never been more efficient. With regards to scaling my business it is quite user friendly and allows for a very high level custom setup/operation specific to your needs. Regardless of the times we are in Borg Financial is finding new ways to innovate with SFGconnect technology.

Kind regards,
